

Re: Claim #51976 - Objection Response

United States Bankruptcy Court for the District of Delaware

Case No. 22-11068 (JTD)

RECEIVED

2024 NOV 21 AM 11:01

CLERK
U.S. BANKRUPTCY COURT
DISTRICT OF DELAWARE

To the Honorable Court:

I, Antoine Aymard, hereby submit my response to the Debtors' One Hundred Twenty-Fifth Omnibus Objection regarding Claim #51976.

I specifically contest the modification of my USD balance in the proposed claim adjustment. While the Debtors have maintained my ETH (0.010000000) and USDT (5.00) balances, they have completely removed my USD balance of 5,700.00. I respectfully contest this specific modification for the following reasons:

1. CLAIM VERIFICATION

- My original claim accurately listed three holdings:
 - USD 5,700.00 (which the Debtors seek to reduce to 0.00)
 - ETH 0.032088100
 - USDT 5.00
- As evidenced in Exhibit A, I have provided clear proof specifically supporting the USD 5,700.00 amount that is being disputed
- This USD amount was in a pending withdrawal status when FTX collapsed

2. TIMING AND CAUSATION

- As shown in Exhibit A, the withdrawal request was confirmed by FTX on November 10, 2022 at 18:44 CET (French local time)
- FTX announced the suspension of all withdrawals less than 24 hours later
- The timing is critical: my funds were still in FTX's control when they halted operations
- This is not a case of a completed withdrawal - the funds never left FTX's possession

3. SYSTEM CONFIRMATION

- FTX's own system generated the email confirmation provided in Exhibit A. The withdrawal request was properly recorded in FTX's system on November 10, 2022
- While the withdrawal was confirmed by FTX, the funds were never received

- This email proves that:
 - The USD 5,700.00 was present in my account
 - FTX recognized and recorded this amount
 - The withdrawal process was initiated but not completed
- Their system's confirmation directly contradicts their current attempt to modify my claim to USD 0.00

4. BANK VERIFICATION

- The withdrawal was never processed to my bank account
- These funds remained within FTX's control
- The amount claimed (USD 5,700.00) represents actual funds held by FTX at the time of collapse

I maintain that my original USD claim amount of 5,700.00 is accurate and should be upheld based on the email evidence provided. I request that the Court reject this specific modification while maintaining the other elements of my claim.
